**PROPOSED AMENDMENT TO CLAIM 45 FOR EXAMINER
AMENDMENT**

Dear Examiner Diep:

Thank you for our telephonic discussion about the claims in the above-identified application, your indication of allowable subject matter in independent claims 1, 18 and 20, and your helpful suggestions regarding amendment of independent claim 45.

Following our discussion, I propose the following changes to claim 45 for possible examiner amendment, and which I hope will now place the case in condition for allowance.
